### Three More States Added To Drought Disaster List; Slight Relief Is Forecast

Washington, (AP)—The sun-baked states of Massachusetts, Maine and South Carolina were added to the Agriculture Department's drought disaster list yesterday.

Nine more counties in Arkansas, scorched by blazing summer skies, also qualified for emergency help.

The Agriculture Department's millions of dollars in federal aid in the stricken territory to seek to buy cattle feed, keep their herds intact and finance the planting of new crops.

Some relief for the drought belt was promised by the U. S. Weather Bureau in its 30-day outlook for August, but the bureau said "total rainfall amounts for the month will not generally exceed seasonal normals."

The outlook, issued yesterday, except in the western half of the nation and the deep South, where predicted normal temperatures exist will be slightly hotter than usual.

"Subnormal rainfall is predicted for the Great Plains, West Gulf states and Rocky Mountains," the bureau said, "but substantial showers are expected in a belt extending from Arizona northward to Oregon."

In Massachusetts, the latest state added to the drought list, the Summer's long arid spell is reported to have caused heavy damage to hay and vegetable crops.

Eight states have now been declared drought disaster areas, as well as 27 counties in Arkansas and some in Missouri, Alabama, Georgia, Kentucky, Mississippi and Tennessee are other states qualifying for help from the Farmers Loan Administration.

Thirty million dollars has been transferred to this agency from the Missouri flood relief program to meet emergency drought needs.

No rain has fallen in Maine for six weeks, the Agriculture Department reported. Damage to oats, beans, cucumbers, blueberries, corn and potatoes, it is estimated, has run into millions of dollars. Many home gardens are also seriously affected.

Federal officials may have to put all of New England in the disaster category. They are also studying parched conditions in North Carolina, Louisiana, Florida and parts of Virginia.

Federal and state agricultural officials gathered in Nashville, Tenn. today to discuss the distribution of emergency aid. Secretary of Agriculture Brannan called the meeting.

### Prisoners Fire Montreal Jail, Rip Switchboard

Montreal, (AP)—Prisoners of Montreal's Bordeaux jail rioted last night, set fire to one of the wings and smashed the main switchboard, in a repetition of disturbances which rocked the big jail some three months ago.

The fire broke out in "B" wing, the same section where previous trouble erupted.

All available policemen and cars from the east and north sections of the city were ordered to the scene. In addition the detective department sent 25 cars carrying 50 heavily-armed men.

### Jets Renew War, Down Two MIG15s

Seoul, (AP)—Determined Allied infantrymen held grimly to the crest of Old Baldy today despite a heavy barrage of Chinese artillery and mortar fire.

A United Nations officer said about 3,000 rounds blasted the strategic hill on Korea's Western Front yesterday and today. He described the situation as "delicate."

It was the second straight day of heavy Red artillery fire.

Swift jet fighter planes renewed the air war high over North Korea yesterday. Fifth Air Force pilots said they destroyed two Red MIG-15s and damaged three others.

The air duel marked the first jet battle in nine days. Nearly 100 other planes protected U. S. 2nd Division infantrymen on Old Baldy.

The MIGs were destroyed in a 10-minute battle when F-86 Sabre jets attacked 60 MIGs near the Yalu River.

The Air Force said Allied pilots ran up a score of 32-2 in jet battles during July. Seventeen other Allied planes were lost to Red ground fire and other causes.

Allied infantrymen on Old Baldy were digging in hurriedly to prepare their positions against a possible Chinese counterattack.

The Reds attacked twice last night with 50 men, but both assaults were hurled back.

A U. N. staff officer said an Allied lieutenant ambushed a bunker full of Chinese yesterday afternoon with "blowtorch tactics." The Chinese were hidden inside the Allied perimeter on Old Baldy.

"This officer sneaked in behind the Chinese and scorched 18 of them with a flame thrower," the officer said. "That takes guts."

The lieutenant was seriously injured later in the day and his name was withheld.

An abrupt end to six days of steady rain opened the way for the renewal of air warfare and the recapture of Old Baldy in a 12-hour battle.

Bayonet-wielding Second Division infantrymen drove 200 Chinese off the crest, but the Reds clung to an adjoining ridge line. Two Chinese machine gunners kept firing at the Americans from their seared dugouts on the ridge despite, day-long attacks by planes, tanks, howitzers and smaller weapons.

Most Allied planes and artillery concentrated on Red artillery which zeroed in accurately on Old Baldy. The Reds fired 3,900 rounds in 24 hours.

"Between the air and the artillery we're giving them a helluva shelling," said Col. George Morgens of San Francisco who commanded the operation.

### Five Persons Killed While Hurrying Home After Death Of Father Of Three Victims

Bethlehem, (AP)—Five persons, three of them hurrying to the side of their father who had died four hours earlier, were killed yesterday when their automobile collided head-on with a tractor trailer on the Easton-Newburg Highway, two miles east of Newburg.

Two men and three women died in the crash. All the victims were passengers in the car. They were identified as John Clottie, 36, of Arverne, N. Y., the driver; his wife, Helen, 28; Stephen Mayernick, 22, Newark, N. J.; his wife, Gertrude, 22; and his sister, Miss Verna Mayernick, 16, of Wilburton, Columbia County, Pa.

Andrew Mayernick, Jr., New Brunswick, N. J., brother of Mrs. Helen Clottie and Stephen and Verna Mayernick, said the party was on its way to the Wilburton home of their father, Andrew Mayernick Sr., who had died four hours before the accident. He said they knew of their father's death before they set out for Wilburton.

Police said the automobile side-swiped the left front tire of a coal truck driven by Ralph C. Bowers, 23, of Pottsville, and swerved into a path of the coal-loaded tractor-trailer. The car was hurled into a corn field 100 feet from the road. Police spent two hours removing the bodies from the wreckage.

Curtis Gerhard, 43, Lehigh RD 3, driver of the tractor trailer, was flung from the cab onto the highway. He was taken to Easton Hospital with bruises of the head, arms and legs.

### Stevenson Appoints Wyatt As Campaign Manager; Ike Stresses World Peace Issue

By The Associated Press

Gov. Adlai Stevenson of Illinois, the Democratic presidential nominee, chose Wilson Wyatt, former mayor of Louisville, Ky., as his personal campaign manager last night.

Wyatt, 46, once served as federal housing expediter, and in 1947 he headed Americans for Democratic Action, which described itself as a non-Communist organization dedicated to the principles of the New Deal and Fair Deal. He and Stevenson are old friends.

Wyatt has been conferring with Stevenson at Springfield, Ill., for the last two days. He announced that headquarters for the campaign will be in Springfield and that "very close liaison" will be maintained with the Democratic National Committee in Washington.

With their campaigns still pretty much in the paper stage, Stevenson and Gen. Dwight D. Eisenhower, the GOP standard bearer, toiled through a round of strategy conferences yesterday and planned others for the weekend.

At his temporary headquarters in Denver, Eisenhower told a news conference that development of a sound program for world peace overrides all other issues of the presidential campaign.

He also declared that he considers it just as important for the Republicans to win control of Congress this fall as he does for the party to capture the presidency.

Eisenhower said his campaign will probably get rolling about Sept. 1. Then he went into a huddle with Sen. Richard M. Nixon of California, his running mate, and their campaign advisers.

Nixon called it a "how-when-and-where" conference. En route to the session, he told Chicago reporters "We'll get down to brass tacks on technical details of the campaign, planning campaign tours and strategy on some of the basic issues."

Meanwhile, Stevenson announced in Springfield that he was going to take counsel with three of the men he beat out for the nomination in Chicago—Sen. Estes Kefauver of Tennessee, Sen. Richard B. Russell of Georgia and Averell Harriman, mutual security administrator.

An Associated Press survey of 112 newspapers in 13 Southern and border states disclosed yesterday that among the editors of the papers Eisenhower is the most popular candidate the Republicans have ever nominated for President.

Fifty-four newspapers in the traditionally solid South have endorsed Eisenhower or said they would do so. That is far more editorial support than has been given any other Republican nominee.

The survey also shows that the newspaper lineup against the Democratic ticket of Stevenson and Sen. John J. Sparkman of Alabama is not much greater in the South than it was against President Truman four years ago.

Denver, (AP)—Secretary of State Dean Acheson, forced to land at Denver's Lowry Air Force Base while enroute to Honolulu to attend a three power conference, will remain here with his party overnight.

The secretary's plane landed here with one of its four engines dead. It was described as "a routine landing" by Lowry officials.

Acheson was enroute to Honolulu to put into effect the new Pacific defense alliance of the United States, Australia and New Zealand.

His work will include eliminating duplication in supply activities and co-ordinating service budgets.

He also becomes a key figure in the multi-million-dollar American program of buying military supplies in Europe for its own forces and NATO armies.

### BLS Reports Food Costs At New Peak

Washington, (AP)—The government's stabilization chiefs predicted even higher prices last night in the wake of a Labor Department report that food costs have soared to a new record.

Economic Stabilizer Roger L. Putnam directly blamed Republicans. At the same time he accused the steel industry of holding "a gun at the government's head" to get the steel price increase which he said will be a factor in a coming general rise.

Price Stabilizer Ellis Arnall said the food price report "clearly shows what the public can expect" and added that it is "a strong argument against those siren voices among the business community who have been telling Congress and the people that . . . the need for concern about the cost of living is over."

Both officials based their remarks mainly on the Bureau of Labor Statistics food price report which indicated strongly that a new peak in general living costs will appear in a report due later this month.

The BLS study showed that in a mere 14 days the cost of \$1 worth of grocery store items had gone up by July 15 to a little over \$1.01. One price expert called that "a large increase for so short a period."

BLS reported its retail food price index reached 235.1 per cent of the 1935-39 base period. This is 1.2 per cent above the previous high of 232.4 last Jan. 15 and again June 30.

Sparkling the climb was an 18-per cent increase in the price of eggs, the survey in eight major cities showed.

The new retail food report indicates the government's over-all cost of living index, which reached an all-time peak in mid-June, is still climbing. Food represents more than 30 per cent of all items making up the most of living tabulation.

### Clark Guilty Of Punching Drew Pearson

Washington, (AP)—Charles Patrick Clark, attorney, was convicted yesterday of taking a punch at columnist Drew Pearson.

The Municipal Court jury deliberated 36 minutes before returning its verdict.

Clark had been charged with assaulting Pearson in the lobby of the Mayflower Hotel June 18. Judge Thomas C. Scalley deferred sentencing until Tuesday.

The maximum sentence Clark could receive is a year in jail and a \$500 fine.

The incident occurred after a Pearson column had been critical of Clark's activities on behalf of the Spanish government.

Los Angeles, (AP)—Adlai Stevenson declined an invitation to address Veterans of Foreign Wars at their 53rd national encampment here next week, VFW spokesmen said yesterday.

The Democratic nominee said he was too busy organizing his campaign, the VFW disclosed. Gen. Dwight Eisenhower, the GOP candidate, is scheduled to address the veterans next Tuesday night.

### Percentages Specified For Products

Washington, (AP)—The government yesterday ordered the reviving steel industry to reserve from 5 to 100 per cent of its output—depending on the product—for military, atomic and machine tool orders.

The National Production Authority (NPA) order compels each mill to accept the defense-priority work up to a specified percentage of its capacity before undertaking to fill civilian orders.

It reserves 25 per cent of carbon steel ingots and 35 per cent of alloy ingots. The set-aside ranges from 100 per cent for shell steel to only 5 per cent of such items as wire netting, nails, and line pipe.

The restriction will cut fairly deep into some civilian-type steel such as bars for auto crank shafts. Twenty-seven to 30 per cent of hot-rolled bar production is earmarked for the military.

But auto industry spokesmen, it was learned, have informed NPA they can get by provided, first, that they remain free to use foreign steel and other non-allocated types; and second, that NPA create no new "preferred" classes of steel users.

NPA Administrator Henry H. Fowler has announced he will firmly resist appeals from any segment of industry for priority treatment, but his agency already was feeling pressure.

Samuel W. Anderson, in charge of the aluminum plant expansion program, is understood to have asked preference for that program, because of swiftly expanding Air Force demand for planes.

The boiler industry notified NPA Thursday that the steel shortage may create a serious shortage of heater boilers for schools and hospitals. Boiler manufacturers, an industry committee said, may soon have to suspend operations, having used up most of their supplies during the 54-day steel strike.

These additional steel developments were reported:

One—NPA reported it does not expect to be able to relax construction regulations—as has been planned on July 1—until early 1953. This would include easing the ban on amusement and recreational construction.

Two—The agency forecast little decrease, if any, in construction activity this year despite the steel shortage. Most construction now under way probably will not be held back, NPA said, but some new projects may have to be postponed.

Three—The Federal Security Agency notified NPA it will require steel for 840 boilers a year to maintain the present rate of hospital construction. Seventy new hospitals or hospital additions are projected every three months, FSA said.

## Church Cancels August Services

Portland.—Services at the local Presbyterian Church during the month of August have been cancelled due to the absence of Dr. David R. Edwards, pastor, who is on vacation.

## Former Pastor Returns To Gap

Rev. Roland White, Presbyterian pastor in New Wilmington, Pa. and former pastor of the Delaware Water Gap Church will occupy that pulpit Sunday.

Mr. and Mrs. White, who lived in the Gap until he entered service in World War Two, will remain here one week.

## Dr. Gehman To Serve As Guest Pastor

At the 11 a. m. service Sunday in First Presbyterian Church, Stroudsburg, the guest minister will be Dr. Henry S. Gehman, professor of Old Testament at the Theological Seminary, Princeton, N. J. The pastor of the church, Rev. Ernest T. Campbell, is on a month's vacation beginning with this Sunday. Dr. Gehman is well known in this area having preached in the First Presbyterian Church many times. He is also a summer resident of the Poconos.

## 'Love' Chosen As Subject Of Lesson

The subject of the Bible Lesson in all Christian Science churches Sunday will be "Love." A statement by the beloved disciple John comprises the Golden Text: "He that loveth not knoweth not God; for God is love." (1 John 4:8).

Among the quotations to be read during the Bible Lesson is this from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is Love. More than this we cannot ask, higher we cannot look, farther we cannot go. . . . Love, the divine Principle, is the Father and Mother of the universe, including man." (6:17-18; 256:7). This is in explanation of the Scriptural quotation from The First Epistle General of John as follows: "And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him." (1 John 4:16).

## Sciota

Mrs. Richard Rinker

Mr. and Mrs. Fred Reaser called on Mr. and Mrs. Chester Bachman recently.

Miss Mary Ann Reiger is spending some time with Norma Shuler at Neola. Miss Frances Schneider called on her recently.

Mrs. Ada Wellershaus and Mrs. Ruth Rinker made a business trip to Stroudsburg on Monday.

He who is not earnestly sincere lives in but half his being, self-mutilated, self-paralyzed—Samuel Taylor Coleridge.

Sincerity is no test of truth. You may take poison sincerely believing it the needed medicine, but will it save your life?—Tryon Edwards.

## Stepinac Fears Elimination Of Religion In Yugoslavia

Belgrade, Yugoslavia, (AP)—Four American visitors yesterday quoted Roman Catholic Archbishop Alojzije Stepinac as saying Communist practices are driving towards the elimination of religion in Yugoslavia.

The four, led by 81-year-old Sherwood Eddy, author and lecturer, interviewed the prelate in the little village of Krasice, where he has been confined to his former parish after being released from prison last December.

The four are members of a 50-member group of American clergymen, educators and professional men making a fact-finding tour of Europe. Earlier they visited Premier Marshal Tito, who told them that religious freedom existed in Yugoslavia, that the church doors are open, but that the country would not permit interference of the church in state affairs.

The Americans said Tito charged the Vatican with attempting to spread Italian propaganda in Yugoslavia.

A partial transcript of the archbishop's talk with the four Americans was made available by official government sources as recorded by a government employee sent along as a translator.

The transcript gave this record of the interview: Speaking on economic difficulties facing the church, the archbishop said that the training of new priests was "difficult—men are still men, not angels. They have to eat something. They cannot live without that. The entire property of the church was taken away under agrarian reform."

## SYMBOL OF SAFETY

You never mistake the meaning of a Church spire.

Even to those who are cold to the ideals for which the Church stands, that finger of faith always points to something that is comforting, reassuring, safe.

The very presence of a Church, whether in a crowded city street or on a quiet country road, is a benediction to all, including those who are not conscious of worship.

Such an influence, with what it means to those who open their hearts to truth, is worthy of a second thought. It merits acceptance as a refuge. It commands confidence as a port in time of storm.

The Church deserves your support—your membership—because it affords real protection for the family whose welfare it is your duty to defend and whose proper upbringing is your solemn obligation.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Toll Roads Approved

Even as the largest bond flotation in the history of state and municipal financing was being completed to provide funds for Ohio's planned 241-mile superhighway between the Pennsylvania and Indiana borders, the executive committee of the Pennsylvania Motor Federation was modifying its former firm position with reference to toll roads.

The revision of the federation's policy followed that of the American Automobile Association which recently altered its opposition to toll roads in such a manner as to recognize their necessity under certain circumstances.

However, the Pennsylvania motorist group insisted at the meeting in Harrisburg this week that adequate parallel roads be maintained in good condition. It was the feeling of the members of the executive committee, which represents some 430,000 motorists in the commonwealth, that the Federal government should not invade the field of gasoline taxation, but that so long as Washington insists on taxing motorists, the amount of Federal-aid funds returned to the state should be equivalent to the sum collected in Federal gasoline taxes.

The fight of the motor clubs against toll roads, which it was felt initially would return the highway system to the place it held in the early days of motor roads, has been amended by the history of toll roads, the fact that many states are going ahead with plans for development of virtually a national system, and the promise that free roads are not expected to suffer thereby.

In Ohio, for instance, the chairman of that state's turnpike commission was handed a check for \$319,882,972.22 representing payment for the bonds which are to mature in 40 years. Construction of the Ohio toll road, to begin about Nov. 1, is expected to be complete in less than three years,

and will connect with the present western end of the Pennsylvania turnpike. This segment will have priority for completion, anticipated before the end of 1953.

Loyalty Oath

Politics not only makes strange bedfellows — it also produces some strange shifts in the beliefs of the people who engage in it.

The Democratic Convention was no exception. Here, the northern liberals put over a "loyalty oath" gimmick in an attempt to keep the rebellious southern-state delegations in line for the ticket.

And some of the backers of this particular "loyalty oath" were objecting strenuously a while back to the administration of loyalty oaths to federal employees.

Brien McMahon

Sen. Brien McMahon of Connecticut, who died at 48, was one of the first members of Congress to recognize the tremendous significance of atomic energy—both in warfare and in peaceful uses.

He was chairman of the Joint Committee on Atomic Energy, which has done a singularly competent job of leading the way in the development of this complex new servant of mankind.

He led the fight for civilian control of atomic power and handled the necessarily confidential phases with finesse and good sense.

His death from cancer is the more tragic because it is in the field of atomic energy, where Senator McMahon exercised so much vision, that some of the most hopeful research has been done on that dread disease.

curative nature in accordance with the following articles of this part.

"The contingencies covered shall include any morbid condition, whatever its cause, and pregnancy and confinement and their consequences."

Also, "The benefit shall include at least—

a) In case of a morbid condition—

(i) General practitioner care, including domiciliary visiting;

(ii) Specialist care at hospitals for in-patients, and out-patients, and such specialist care as may be available outside hospitals;

(iii) The essential pharmaceutical supplies as prescribed by medical or other qualified practitioners; and

(iv) Hospitalization where necessary; and

(b) In case of pregnancy and confinement and their consequences—

(i) Pre-natal, confinement and post-natal care either by medical practitioners or by qualified midwives; and

(ii) Hospitalization where necessary.

"2. The beneficiary or his breadwinner may be required to share in the cost of the medical care the beneficiary receives in respect of a morbid condition; the rules concerning such cost-sharing shall be so designed as to avoid hardship.

"3. The benefit provided in accordance with this article shall be afforded with a view to maintaining, restoring or improving the health of the person protected and his ability to work and to attend to his personal needs.

"4. The institutions or government departments administering the benefit shall, by such means as may be deemed appropriate, encourage the persons protected to avail themselves of the general health services placed at their disposal by the public authorities or by other bodies recognized by the public authorities."

This is state medicine. The document is a long one and I can here quote no more, but it is clear that should the United States ratify this convention, government hospitalization, government-controlled attendance of physicians, and government-provided medication would be required by law. Oscar Ewing's measures, which Congress has rejected, would become law, without an act of Congress so providing, but by the ratification of a treaty, the title of which does not indicate its nature. It could be passed without senators even reading it.

Doctors from all over the world objected to these provisions. Leonard Calhoun, an American member, said before the final vote:

"Since personal freedom and a sense of personal responsibility are part and parcel of our way of life, we are opposed in principle to the regulations of the proposed social security convention which would provide for what we employers, in our coun-

taining, restoring or improving the health of the person protected and his ability to work and to attend to his personal needs.

ment to sleep on a bed of spikes. He sounds too much like a man who interprets the nomination as a public announcement that he has just won first place in the great "Over Niagara Falls With-out a Barrel" contest. Top members of his own party are getting alarmed. They don't want American voters getting the idea they are running Steve Brody, the famous Brooklyn bridge jumper, for the Presidency.

Everybody approves of modesty. It's a relief to see a public man get away from the cockiness of the "I can lick any guy in the house" mood. But doesn't Adlai carry it too far? The fight is on and it is going to be a knock-down-drag-out shindig. Like Eisenhower is a humble man of top spiritual qualities, too, but he is going to come out swinging. And he isn't indicating that he thinks he "should of stood in bed."

Come on, Adlai; if the campaign is going to be good fun you've got to begin yelling. "This is great stuff! Up with your mitts kid! I'm swinging from the floor!"

Video and radio list three and a half million dollars covering the conventions, thus proving it is hard to make a profit in natural gas in view of all the year-around competition. . . . You can no longer say that Governor Shivers of Texas is no great shakes. . . . Video and radio are glad they didn't get the Marciano-Matthews fight, as there wasn't even time for a commercial. . . . Try And Stop Me

—by Bennet Cerf

Meyer Wagman, the typographer, has a nine-year-old son, Michael, who is a near-prodigy at the piano, with a general I. Q. to match. At a party the other evening at the Wagman's the conversation drifted around to Gertrude Stein, and one guest thought he'd test young Michael's knowledge. "Mike," he demanded, "when I say a rose is a rose is a rose, what does it mean to you?" Michael promptly answered, "Whiskey."

Scripture—I Samuel 4:16-8:22.  
By NEWMAN CAMPBELL

In America today many new churches are being built. Almost any issue of our newspapers tells of the dedication of a newly-built religious edifice. Are we repenting of our sins and having a revival of religious faith, or are we merely frightened because of talk of war of the dreadful new modern weapons, and pleading with God to help us, as the Israelites did in olden times?

He will help if we do our part in helping Him, and are sincere and whole-hearted in our repentance.

Briefly we are told what happened to the priest, Eli, and his sons. The Philistines were the oppressors of the Israelites at this time. They prevailed against them, so that as a last resort the Israelites decided to take their Ark of the Lord from Shiloh to the battle front, hoping it would help them to win.

Alas! The battle was lost, thousands of men of Israel perished, and worst of all, the Ark was taken. Eli's sons died in battle, and when a messenger came to poor old Eli, seated watching and waiting for the outcome, and he was told his sons were dead and the Ark taken, he fell over and died of a broken neck.

The Philistines took the Ark to the house of their god, Dagon, and set it up there. Next morning they found the idol overthrown. They set Dagon up again, but the next day not only was he cast down, but the head and palms of his hands were cut off, and only the stumps remained.

As long as the Ark stayed with the Philistines disasters came upon them. So they gathered all the lords of the land and decided to send back the Ark, for fear they would all perish if it stayed with them.

Seven months the Ark abode with the Philistines, and then it was put upon a new cart, drawn by two milk kine, and containing golden gifts, and taken to Israelite territory. Men working in the field saw it coming and they rejoiced.

The Levites took down the Ark, and set it on a great stone and offered sacrifice. So curious to see the gifts it contained were men of Bethshemesh, that they opened the coffer containing them, and looked inside and for this they were smitten.

Samuel gathered all the people together after the Ark had been placed in the house of Abinadab where, incidentally, it remained for 20 years, and said to them, "If ye do return to the Lord with all your hearts, then put away the strange gods and Asherahim from among you, and prepare your hearts unto the Lord, and serve Him only; and He will de-

Girl Friday Flying Her Saucers—Dear Mr. W.: Your Wall Street odds of a week ago, "Six to five on any Democrat to beat Ike," attracted no fall money takers.

On the other hand, out in Chicago (right after Stevenson was nominated) an Eisenhower rooster offered \$50,000 to \$40,000 on the GOP to romp in. . . I have definite info that Ike and Taft will meet within 30 days. . . Have you noticed the amazing lookalike of Gov. Stevenson and Dwight Fiske, the risqué song star? . . . The Governor's father, Lewis Stevenson, was a close pal of William Randolph Hearst, and left his mining interests to help WR make a success of his newly acquired newspaper, the Los Angeles Examiner. So what happens? So the Hearst papers come out for Ike!

The Governor's father, Lewis Stevenson, was a close pal of William Randolph Hearst, and left his mining interests to help WR make a success of his newly acquired newspaper, the Los Angeles Examiner. So what happens? So the Hearst papers come out for Ike!

Hand, out in Chicago (right after Stevenson was nominated) an Eisenhower rooster offered \$50,000 to \$40,000 on the GOP to romp in. . . Looking At Life

Looking At Life

One of the most delightful experiences you have when you travel is the free and easy way in which PEOPLE from all the different places in our country meet and become friends.

"Travel is broadening," is an old saying. But it can be broadening in one of two ways.

One is by just SITTING in your car, sitting on your train, sitting at the various dinner tables. That, in one sense, is broadening. But it is broadening in the wrong place.

The REAL broadening in traveling is to keep your eyes, your ears and your MIND wide open.

Almost everybody I see on my trips carries a camera. They shoot pictures every five minutes—most of them in the picture. A little man with a loud sports shirt shot a picture of his wife standing in front of Mount Moran.

She was about four feet eleven. Mount Moran is something like 14,000 feet high.

You can figure out the comparison by yourself.

Of course, he loves her, I am sure, so perhaps by comparison she is much larger than Mount Moran.

and here. Honeymooned at the GOP convention! . . . The Sec'y of the Treasury must be worried about his future. He has hired a B-way press agent to keep his name before the public. The big idea Mr. Sec'y is to keep your name outta the papers! . . . Looks like Baby is getting a new pr shoes. Monica Lewis' new romance is Peter London of that shoe family. . . . Nat'l Airlines' newest blonde stewardess is Phyllis Egnor. Who she? She Dagmar's kid sister. (Down, girl!)

Sue me, shoot me, put bullets in me, but I broke myself up trying to get to sleep last night thinking of this for a cartoon. A swanky drunk being tossed out of the Stock Club into the 53rd Street air—and the caption: "Flying Souser" . . . Ohhh, now don't make with the clever creak, my fan!—you've run worse story broke into so many versions. . . . We had it right exclusively June 27 when we said he was thinking of staying in Mexico to chief a soft drink syndicate owned by Americans. We didn't say he was giving up his Yankee Doodling—we merely had the facts straight. Ask his brother Paul, the original source.

# State Collects \$19,841 Realty Tax In First Six-Month Period

## New Levy Enacted For 18 Months

P. A. Rockefeller, Monroe County treasurer, announced yesterday afternoon that the receipts from the 1 per cent Pennsylvania realty transfer tax, effective Feb. 1, this year, amounted to \$19,841.18 for the first six months ending July 31.

The total take at the county treasurer's office for the tax stamps which are placed on official papers represents almost two million dollars in real estate transactions in the county during the period, County Treasurer Rockefeller said.

The receipts from the sale of stamps for the real estate transfers during the first six months the law has been in effect follow: February \$1,109.24; March \$2,022.49; April \$3,154.92; May \$4,349.94; June \$4,308.60, and July \$4,895.99, or, the grand total of \$19,841.18.

The new tax law as enacted covers a period of 18 months.

Parties to the real estate transfers are required to buy their stamps at the office of the county treasurer. The stamps are then placed on the legal instruments to the transfers which are taken to the office of the register and recorder for filing and registering.

The amount received under the new tax law in Monroe County affords some slight idea of the great income from the stamps throughout the state, Mr. Rockefeller said.

At the office of the register and recorder it was remarked that the surprising total indicated that real estate transactions kept the office personnel quite busy.

The figures submitted by Mr. Rockefeller show that real estate business took a decided jump in April, increasing considerably in May, June and July, indicating Spring and Summer months seem favoring this line of business activity.

**USAF To Fill Civilian Posts**

The Air Force is seeking interested applicants for civilian positions at air bases in various overseas areas.

A representative from Olmsted Air Force Base, Middletown, will be located in East Stroudsburg Postoffice on August 6 to interview any interested persons for overseas openings.

Type of workers sought include recreation directors and hostesses, personnel workers, administrative officers, auditors, aircraft engineers, civil engineers, electrical and electronic engineers, draftsmen, maintenance engineers, librarians, library assistants, instructors, power plant operators as well as a number of other mechanical positions.

This is an opportunity for male workers between 21 and 60 years of age, and females between 21 and 45 years of age.

**State Announces Temporary Route**

Announcement has been made by the district engineer of the State Department of Highways that a temporary route has been established on the Stockertown-Nazareth section of Route 12 during widening operations covering 2.41 miles, effective next Wednesday.

The new routing will take traffic south from Stockertown to the new blinker in Tatamy and from there west to Nazareth on the Tatamy-Nazareth road.

Keeler Construction Co., of Pennsylvania, have the contract at their bid of \$181,358.

## Russia Denies Hate Campaign But Continues Blasting U.S.

Moscow, (AP)—Moscow's English-language magazine, News, said yesterday there is not now and never has been any such thing as a "hate America" campaign on the part of any Soviet leader for any Soviet publication.

The same day this article appeared intended for Western readers (News is a propaganda paper) Pravda launched a new attack on Americans.

The Communist party newspaper rejected U. S. Ambassador George F. Kennan's protest against an Aviation Day poster showing U. S. planes being chased by Soviet fighters. Kennan previously had also complained against Soviet press attacks picturing Americans as beasts, cannibals and so forth.

News, in a leading editorial, said that, far from a "hate America" campaign, the feeling exists here for improving Soviet-American relations.

Publication of this editorial coincided with a blast in Pravda at Ambassador Kennan's protests concerning the Aviation Day poster to which, the Communist party paper said, "the Soviet people took a liking."

The first stable for White House horses eventually became a school in 1821 for the poor children of Washington.

## Theft Charges Preferred At Portland

Northampton County officials filed two additional charges of burglary and larceny against two East Stroudsburg men and a Portland youth yesterday.

The charges were lodged before Justice of the Peace Clifford Sebring in Mount Bethel by Portland Police Chief Jesse Feiker and Northampton County Detective Chief William Hontz.

Appearing before Sebring to answer the charges were Joseph Miller, 22, of 24 E. Broad St.; Richard LaBar, 28, of 247 Harris St., both East Stroudsburg, and Harry ZeRuth, 19, of Portland.

All three men had previously answered charges placed against them by Stroudsburg State police, borough police and East Stroudsburg police.

The men were committed to Monroe County Jail Wednesday to await trial before the county jury in the fall term of court.

Both of the charges preferred yesterday had been previously reported.

The first alleged burglary involved all three youths. This was the theft of \$190 worth of articles from Clarence Overfield's Gateway roadstand near Portland.

One of the young men, ZeRuth, was not charged with participation in the second crime — the theft of a bathtub from Collins equipment store at Portland.

The trio pleaded guilty as charged before Sebring and were returned to the Monroe County Jail to await trial.

## 75 Alumni Enrolled

Portland—A report that 75 members are enrolled in the Portland School Alumni Association was submitted Thursday night when the officers and past presidents convened at the Presbyterian Church.

Miss Alice Delp and Miss Ruth Jones were named as a committee to determine how the alumni fund should be allocated for the grammar school. Tentative plans were made for the 1953 banquet.

## Flow Of Water In Delaware River Falls Below Minimum Rate Recommended In Incodel Plan

Industries and municipalities that depend upon the Delaware River below Trenton-Morrisville were notified yesterday that the flow of fresh water into the tidal section of the Delaware River has dropped below the minimum rate which would be maintained under the four-state water conservation program recommended by the Interstate Commission on the Delaware River Basin (INCODEL).

The notice was issued by James H. Allen, Incodel's executive secretary.

To a lesser degree, the low water in the Delaware River will have an impact on communities ranging from Trenton beyond Port Jervis, N. Y., officials said.

Lack of problems involved in the tidal basin of the river, based largely on the influx of salt water from the sea, makes the situation less complicated for communities depending on the river for water for industrial and drinking purposes.

Low water will, however, permit faster progress on three new bridges being erected across the Delaware at Portland, Delaware Water Gap and Milford.

Allen stated that the flow in the Delaware will continue to fall lower and lower over the next three months unless there are unseasonable rains in store for the region.

The purpose of alerting the municipalities and industries, Allen said, was to enable their representatives to make their own studies of the effect of a prolonged drought, should it occur, on the use of the waters of the tidal section of the Delaware for municipal and industrial water supply and for the discharge of treated sewage and industrial wastes.

Allen asked those to whom the notice was sent to keep the fact in mind that, while the Fairless Works of the United States Steel

Co. and other industries now locating in the Greater Philadelphia region were not operating this year, they would be before another summer rolls around.

He also suggested that sight should not be lost of the pending extension of the 40-foot channel in the Delaware River from Philadelphia to Trenton.

Municipalities alerted were Philadelphia, Bristol and Chester in Pennsylvania, and Burlington and Camden in New Jersey.

Among the industrial companies to which the notice went were United States Steel, U. S. Pipe and Foundry, Scott Paper, American Viscose, Ford Motor, Sun Ship, Sun Oil, Sinclair Oil, Atlantic Refining, Campbell Soup and RCA Victor.

The notice was also sent to all members of the committee, headed by Albert M. Greenfield, which was appointed in June 1951 by Governor Fine to make an independent appraisal of the Incodel plan.

and James H. Duff and State Sen. M. Harvey Taylor, Republican state chairman.

## Bonus Pay Rules Given

Regulations and procedure governing mustering-out payments, authorized by the recently enacted veterans readjustment assistance act, were announced yesterday by the Department of Defense.

Eligible for payments are all enlisted grades and officers below the grade of major or lieutenant commander who were discharged or released from active duty under honorable conditions after June 26, 1950.

Veterans of the Army, Navy Air Force, Marine Corps or Coast Guard, or one of their components, including women members, are eligible.

Howard Mount, director of veterans affairs for Monroe County said last night further information will be available after Monday at the Veterans Affairs office, 615 Sarah St., Stroudsburg. Informal applications for processing will be available then.

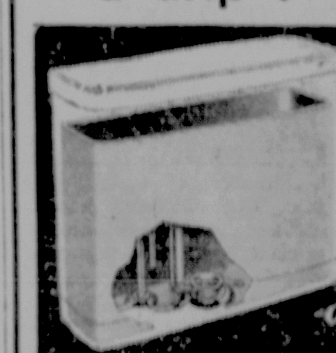

Mount said the applications must be accompanied by the original discharge and separation papers. These are to be returned by the respective branch of service the veteran served with.

## Just Between Us

—By Bobby Westbrook

Well, another organization was off to a flying start last night with the charter night dinner of the Soroptimist Club. And don't groan! All right, so we've got lots of organizations—so many that one of the big problems the new club is going to face is when to find a free meeting night.

And the Soroptimists will be the first to admit that the present service clubs have been doing a bang-up job on their own projects.

But, we didn't have a Soroptimist Club before and they've special qualifications and special attributes—and looking over the list of officers and charter members, I'll be willing to bet they'll find their own special niche of service, too.

One thing's certain, they had a very special speaker last night: Pluma Batten, first vice president of the national federation, Woodstown, N. J., and I don't know what all. Very, very good she was, too.

Only thing I question is how the husbands of members are going to like being called Soroptimists. No worse than Rotary Anns, I suppose. Anyway, with all the visiting delegations and presents from other clubs and gifts and club songs and corsages, it was a gala night, and I predict an equally bright future for our baby club.

But for goodness sakes, don't start looking around for something else we don't have yet. I've already heard somebody mention wisely that we still don't have a—shhh, we'd better whisper it—a League of Women Voters.

## Mrs. Meredith To Be Soloist

Frances Hartzell Meredith, soprano, of Stroudsburg, will be featured in two concerts in resort hotels on Sunday night.

She will present the fourth in a series of summer concerts at the Woodside, accompanied by Eloise Edinger Lewis, who will also play a group of piano solos. Immediately afterwards, Mrs. Meredith will sing at Skytop Lodge with Mrs. Lewis again as her accompanist.

If you have chives growing in your backyard you can use them in many dishes during the summer. They're delicious added to creamed cottage cheese, scrambled eggs, or to buttered noodles or elbow macaroni. Try sprinkling them on sliced tomatoes that have been marinated in French dressing; add them, also, to a tossed green salad.

If you want your pot roasts to produce rich dark brown gravy be sure to sear the meat first before adding the liquid. A good rule to remember is to add about a quarter cup of liquid for every pound of meat. Be sure to cover the kettle tightly after you've added the liquid.

## New Soroptimist Club Has Charter Night Dinner Here

A new service club, pledged to tolerance, sincerity, wisdom, friendship and service, was last night inaugurated in Monroe County at the charter night dinner of the Soroptimist Club of Monroe County held at the Penn-Stroud Hotel with delegations from ten Soroptimist Clubs present with gifts and congratulations to the new club.

The newly-elected first vice president of the American Federation of Soroptimist Clubs, Pluma Batten, as guest speaker summarized the ideals of Soroptimism in three words:

Friendship, which in its broadest sense means the acceptance of strangers as potential friends. Members must accept it not only in a personal sense but also in a community and world sense, she said, and cited the 240 members of Soroptimists now on the high seas on their way to the International convention in Copenhagen as demonstrating that acceptance.

Leadership: implicit in the club by its very conditions of membership. It must be a small club, since only one member in a major classification may be accepted, and since each member must be an executive, but by its very smallness and intimacy, each member must be a leader.

Service: in its finest sense something which strengthens not only the giver but the recipient, and enables him to return his debt of gratitude in kind. She emphasized that many service groups had been serving Monroe County for many years and that the Soroptimist Club must seek its own field of service.

Leonor Berton, of the sponsoring Bucks County Club, who was instrumental in organizing the Monroe County Club, served as toastmaster at the dinner. Rev. William F. Wunder gave the invocation.

Sophie McIntyre, past regional director of the North Atlantic Region, and past president of the Norristown Club installed the officers of the Monroe County Club:

Mrs. Marguerite Clarkson,

president; Mrs. Jean Barthold, vice president; Mrs. Ida B. Kunkle, recording secretary; Mrs. Luella B. Harvey, corresponding secretary; Mrs. Ethel G. Johnson, treasurer; and Mrs. Marjorie E. Hamblin, Mrs. Lillian Wagner, Mrs. Florence E. Clark, board members; and Mrs. Jean L. Albert, pianist.

They were installed in a candlelight ceremony, and then presented to the membership of the new club which includes: Mrs. Eleanor L. Heckert, Mrs. Violet H. Price, Dr. Nina Mae Price, Mrs. Camille W. Harvey, Mrs. Bernice G. All, Mrs. Alice M. Saunders, Miss Jean Fey, Mrs. Dorothy B. Masters and Mrs. Helen O. Minnich.

The charter was presented by Louise Diller, secretary of the North Atlantic Region, of Reading, and accepted on behalf of the club by Mrs. Clarkson.

Dr. Elizabeth Farquhar, of the Bucks County Club, presented a president's pin to Mrs. Clarkson, and there were gifts from many other Soroptimist Clubs in the region to the new club.

Present to bring their gifts in person were delegates from the Reading, Allentown, Bethlehem, Norristown, Hazleton, Perkasie, Philadelphia, Roxborough and Bucks County club and the Salem Club of New Jersey.

Mrs. Bernice All, president of the Stroudsburg Business and Professional Woman's Club, was introduced as well as Miss Helen Kulp, immediate past president of the BPW Club who served as pianist, and Mayor Hal Harris.

Marjorie E. Hamblin was chairman of the dinner committee and Olive Stager was organizer of the North Atlantic Region.

## Saylorsburg 4-H Girls Plan For County Picnic

Saylorsburg — The 4-H club of Saylorsburg met Tuesday morning at the fire hall with county leader, Mrs. Margaret MacLaren, and local leader, Mrs. Grant Knowles, assisting in giving instructions on the skirts the girls have started. Roll call was answered to by naming each girl's favorite fruit.

Plans were completed for the County 4-H picnic which will be held at the West End Fair Grounds, Wednesday, August 6. The next regular meeting will be held, August 5, at the fire hall. Present were, Gail Schaffer, Mary George, Carolyn Fraible, Charlot Neal, Darlene Fraible, and Cathan Bonser.

## Friends Invited To Wedding Rites

Friends are invited to attend the wedding of Miss Dorothy Halterman to Lowell K. David this afternoon at 4, at the Woodside Methodist Church.

Mr. and Mrs. Clarence Halterman, brother and sister-in-law of the bride-elect will serve as attendants.

## Mrs. Maloney To Study Methods Of Merchandising

Mrs. Madalyn H. Maloney of Wyckoff's public relations department, leaves Sunday for two weeks in Washington, D. C., where she will observe methods and policies at Woodward and Lothrop, one of the capital's largest and best known department stores. She will then go to Baltimore for one week where she will visit the Kirk company, manufacturers of sterling silver.

Since last October, Mrs. Maloney has been "The Wyckoff Shopper" to the daily radio audience of WVPO, and to readers of The Record social page. During her absence, the column will not appear. The radio program will be conducted by Arthur A. Widmer, head of the Wyckoff advertising department, and Mrs. Mardee Wyckoff will act as store shopper.

## Swiftwater WSCS To Hold Bazaar

Swiftwater — The Women's Society of Christian Service of the Swiftwater Methodist Church will hold its annual bazaar on Thursday, August 7, from 4 to 11:30 on the social hall grounds, rain or shine.

The VFW band will furnish music, and there will be a grab bag, parcel post sale and auction, and a picnic supper will be served. In addition fancy work, jellies, cakes, pies, homemade candy will be on sale.

Spring salads look pretty when garnished with radishes. Clean the radishes and remove a thin slice from each end; slice the radishes very thinly crosswise to about an eighth of an inch of the other side. Chill these cut radishes in ice water for a short time so the cuts will separate slightly and give a spiral effect.

In buying a griddle, choose one made of a material that distributes heat well and is heavy enough not to warp. Cast or heavy sheet aluminum is a good material, and so is the new magnesium alloy that can be used and cleaned like aluminum.

**THE Wyckoff SHOPPER**

The geraniums in the office window quiver refreshingly this afternoon as breezes romp back and forth along Main Street, and as I look from the window at the steady stream of cars, the short-clad vacationists, and the large groups of campers, headed, I presume, for the matinee, I appreciate my home town increasingly. Somewhere up the street, a Gospel band is playing a hymn, snatches of which come my way every now and then; and down below me, wherever cars stop for traffic, strangers look in at Wyckoff's commenting and pointing. I know that they are impressed by the smartness of both the store and the town. The great novelty of it all is that many of us who live in Stroudsburg, and know Wyckoff's as well as we know our next door neighbor, are also impressed. I suppose it's quite normal, feeling this way, to be a trifle homesick even before one goes away.

It really shouldn't be much of a jump from a "Good Bye" column to a "Goodbye" column, but it is, when you come to put the words upon paper. If all goes as planned, I'll be leaving tomorrow for Washington, D.C. and Baltimore. Since those two cities are among the most fascinating in the entire nation, I am hoping to return with reams of material to keep you reading the column and listening to the radio steadily next fall and winter.

During my absence, Mardee Wyckoff will handle your incoming mail and telephone orders at the store, and Arthur Widmer, head of our advertising department, with the assistance of Walter Wyckoff, will conduct the morning radio programs. Their plans sound interesting too, so keep listening!

And here is something that means dollars in your pocket if you are college bound. Wyckoff's invites you to register in the "Off to College" file of our radio telephone game. One day each week a name will be chosen from this file and called. If you answer "Wyckoff's" you'll receive a \$3 gift certificate, which will be doubled if you can also identify the radio telephone special advertised in The Record of that day. All you need do to play the game is give your name, telephone number, and the name of your college to Edna Harmon or Betty LaBarre of our jewelry department. If you are working and cannot answer the telephone in person at 9:30 in the morning, arrange for one of your family to say "Wyckoff's" for you.

That's everything for now, I guess, except "Goodbye." I miss you already, and with fingers crossed, I hope it's mutual.

## Life of Riley

By JIM RILEY  
Sports Editor

Although baseball currently holds all the headlines, football is rapidly moving into the picture. Both Stroudsburg and East Stroudsburg High, and all the other PIAA schools, are scheduled to open their pre-season grind in slightly more than two weeks, Monday, August 18, to be exact. The summer months have skidded into history and the local sports following will soon be screaming for the two high schools or East Stroudsburg State Teachers College to turn in victories on the gridiron.

Speaking of local football brings to mind the fact that Marlin "Ducky" Marx, brilliant halfback and captain of the East Stroudsburg High grid machine during the past two years, may be in the ESSTC lineup this fall, as the likeable griddle leans toward the local college. It is also quite possible that Ray Steele may do his studying at ESSTC during the coming winter. Ray plans to attend the school on Normal Hall if he signs a professional contract this summer and Moravian if he remains in the amateur ranks. Steele was an outstanding pitcher and eager at Eastburg High during the past three campaigns.

Harry Schaeffer, a member of the New York Yankees, rooms with Johnny Sain on the road. Schaeffer is a graduate of ESSTC and a pitcher with the Stroudsburg Poconos in 1946 and 1947. The recent playoff game between the Stroudsburg and East Stroudsburg Little Leagues produced a collection of more than \$77. The Ladies Auxiliary of the East Stroudsburg Little League is doing a fine job in raising funds for the circuit, with the refreshment stand, cake walks and other odds and ends that bring money into the circuit treasury.

Although the Pocono Mountains Little League went down to defeat at the hands of Bethlehem yesterday, I hope the followers of the circuit won't forget that today is "Tag Day" for all teams. The money collected in Barrett, Mt. Pocono, Pocono Summit and Pocono Lake area, will be used to send the members of all four teams to Philadelphia next Thursday, at which time they will witness the Philadelphia A's and Boston Red Sox in action, at Shibe Park. Any sort of a donation will be welcomed by the youngsters.

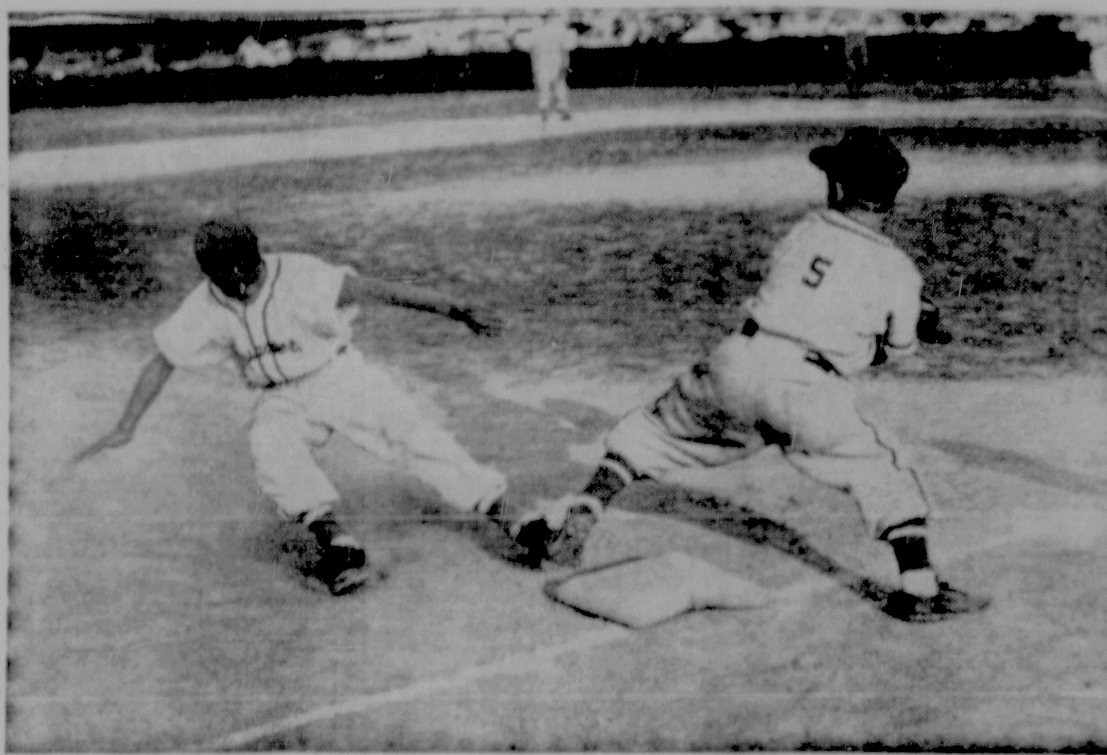

Errors and the failure to cope with the pitching of Bob Stern was the downfall of the Pocono Mountains Little League all-stars yesterday, as Bethlehem returned home with a 10-0 victory. The Pocono Mountains club wasn't nearly as alert yesterday as it was last Wednesday, when it took the measure of East Stroudsburg, 6-4. The losing club had only three hits, two of them by Dave Bixler, who this writer rates as the best Little League catcher he has witnessed in action this season. However, win, lose or draw, the Pocono Mountains circuit conducted itself in top-notch fashion, with less than a year of Little League baseball under its belt.

Several Little League teams in the area have presented tickets, and even spending money, to the various players, for the circuit which rolls into town on Monday. The Stroudsburg Little League has decided not to hold a game on Monday, because of the circuit. The Stroudsburg loop will feature a special contest on Wednesday of next week, at which time all four clubs will play three innings each and all the Service Clubs are scheduled to attend in a body. All baseball fans of the area are cordially invited to attend. The game is being held as a special fund raising device.

Jack Gregory, former lineman on the East Stroudsburg State Teachers College grid machine, will be coaching with a friend and foe, in the same person, at William Penn High, New Castle, Del., beginning next month. Jack began his college football career at West Chester State Teachers College and was a teammate of Charley Reese, last season, Gregory, who transferred to ESSTC the year before, played against Reese and the Rams. Beginning next month, Reese and Gregory will be on the coaching staff at William Penn High, doubt for a long time—they no doubt hope.

The presence of the National Left-Handed Golf Tournament at Shawnee-on-Deleware the first four days of next week has forced the Shawnee Ladies Golf Association to hold its regular Tuesday outing at the Glen Brook Country Club. The Blue Mountain League flag race is drawing more attention right now than at any other portion of the present campaign. The interest is in the battle for first and fourth places. Portland, Stockertown, East Bangor and West Bangor players were in attendance at Tatum's meeting between Tatum and Pocono A.C., at Tatum.

Charley Gelbert, former major league infielder and now a baseball coach at Lafayette and a diamond scout for the Brooklyn Dodgers, was on hand once again on Thursday to watch Aliden "Red" Fetherman, who pitched in a losing cause for the A.C. contingent.

PLAYOFF ACTION—Mike Duga, Bethlehem third sacker, is shown above, on the left, moving into the hot corner in the third inning as a base runner, while Bill Avery, Pocono Mountains League third

baseman, attempts to make the tag. The picture on the right reveals a portion of the 900 people that jammed themselves in the East Stroudsburg Little League park to see Bethlehem score a 10-0

victory yesterday. The win gave Bethlehem the Section Two championship. (Daily Record Photo.)

# Bethlehem Blanks Pocono Mountains League

## Weak Fielding Fatal To Loser, 10-0

Bethlehem took advantage of fielding and mental errors yesterday to win the Section Two Little League baseball title, with a convincing 10-0 victory over the Pocono Mountains Little League, before approximately 900 people at the East Stroudsburg Little League park.

The visiting aggregation scored in every inning, but only two of the runs were earned. Charley Harrison tossed a six-hitter at the Bethlehem contingent, but the multitude of lapses behind the big right-hander turned the tide in favor of the visiting forces.

Bethlehem opened hostilities with one run in the first, then kept the ball rolling with three in the second, the same number in the third, two in the fourth, and a singleton in the fifth. The winning aggregation, which also filled the role of home team, didn't bat in the bottom of the sixth.

Master Bob Stern, a hard working right-hander, was the master from start to finish for Bethlehem, allowing only three hits, fanning seven and displaying perfect control with no walks. Harrison struck out nine batters and walked four.

Dave Bixler, catcher, led the Pocono Mountains attack with two singles in three trips to the plate. Bixler's hits came in the first and last frames. Charley Reese, second baseman, received credit for the other Pocono Mountains safety.

Although the Pocono Mountains Little League had several runners on base, none ever advanced as far as third. Bethlehem's victory gives the club the right to oppose Downingtown next Tuesday, at Downingtown, as the state playoff schedule continues.

## United States Gains In Point Race

Helsinki (4) — Two of America's finest athletes—diver Dr. Sammy Lee and swim speedster Yoshio Oyakawa—captured gold medals in the Olympic games yesterday during an afternoon of riotous excitement on the basketball court and in the boxing arena.

For the second time during the basketball tournament, players and spectators rioted and fought on the court and, for the second time, the fiery Uruguayan team was involved.

Playing against Argentina for third place, two Uruguayan players tangled with the Argentine scoring star, Oscar Furlong. Someone threw a punch and within seconds the battle was raging all over the court. It took police 10 minutes to restore order and get the game going again.

The game ended with only four Uruguayan and three Argentinians on the court—and with Uruguay on the long end of the score, 68 to 59.

America's stout ringmen seized the initiative from Russia going into the finale, but not until another "incident" occurred. Acting on a protest from the American coaches, the boxing jury relieved J. Neuding of Poland from his duties as a referee on the grounds of his inefficient handling of bouts.

But Neuding pleaded for and was given another chance after being warned by the jury to abide by the rules of the International Federation and not to interpret them in his own manner.

Five Americans swept into the finals of the boxing championships for the first time in history as Russian forces suffered four crushing defeats.

Every swimming event, except some early morning trial heats, produced a record. Oyakawa broke the Olympic record for the 100 meters backstroke; the Hungarian women's 400-meter relay team shattered the world and Olympic records and Australia's Jack Davies, a University of Michigan student, equalled the Olympic mark in a semi-final heat of the men's 200 meters breast stroke.

Lee, 31-year-old Army major born in the United States of South Korean parentage, gave a masterful exhibition off the high board to retain the platform diving title he won in 1948 at London.

Oyakawa, 18-year-old Ohio State freshman from Hilo, Hawaii, streaked to victory in the 100 meter breaststroke in the Olympic record time of one minute, 5.4 seconds.

Jack Taylor, 21-year-old Ohio State graduate from Akron, Ohio, finished third in the backstroke behind Oyakawa and France's Gilbert Bazan.

America's 400 meter women's relay team picked up four more points in finishing third behind Hungary and Holland.

These various exploits gave the United States a total of 499 points compared with 523 and one-half for the Russians, who won men's and women's gymnastics early in the games.

The ways is thus paved for a climactic neck-and-neck finish for these two powers.

Irvin In Lineup As Giants Win

New York (4) — Rookie "Dusty" Rhodes belted a three-run homer and Wes Westrum and "Whitney" Lockman connected with the bases empty last night to lead the New York Giants to a 7-3 triumph over the losing Pittsburgh Pirates.

## Kunkletown Invades Bushkill For Major Contest In Circuit

Kunkletown and Bushkill clash in the number one Pocono Mountains League baseball game of the day tomorrow, when the former takes its league lead of three and one-half games into Bushkill's home park with the latter risking its final pennant chances. The game is scheduled to get underway at 2 p. m.

Ray Steele, with a record of seven wins and one setback, is slated to do the pitching for Bushkill, while Will Miller handles the catching chores.

Earl Ziegenfuss or Asher Smith will toe the rubber for the first place Kunkletown outfit.

In the only other meeting of these foes this year, Kunkletown came up with a 10-inning decision. Four other single games are also on the agenda tomorrow, each to begin at 2 p. m.

Barrett and Lake Harmony will tangle on the Lake Harmony field, while Ansonmink and West End A.C. cross bats at Gilbert.

Reeders and Tannersville will renew their diamond feud which has lasted down through the years, when the two arch rivals battle on the Pocono High school field in Tannersville, last, but not least, on the list is Tobbyhanna-Pocono Lake and Saylorburg, on Saylorburg's home diamond.

The team committed a combined total of 11 errors in the field. It was announced last night that no game would be scheduled for Monday, due to the fact that the circuit will be in town on that date.

## Pocono A.C. Faces Test At East Bangor

Pocono A.C. faces a do-or-die situation tomorrow, when the Monroe County entry in the Blue Mountain League tangles with East Bangor, on the latter's home field, at 2:30 p.m. Pocono A.C. is currently tied for fourth place, the final playoff spot, with Stockertown, while East Bangor is only one-half game behind the fourth place pair.

All three are currently locked in a terrific struggle for the final playoff berth in the circuit.

Bob "Willie" Ellenberger is expected to do the pitching for the Pocono A.C. contingent today, in a game that may be the most important one played by the charges of Manager John Schoonover this season.

Lineup  
The remainder of the Pocono A.C. lineup will feature John Drew as the catcher; Dick Schaller, first base; Bill Frear, second base; Don Sweda, shortstop; Harold Freeman, third base; Bob Shick, left field; Doug Schoonover, center field, and Bill Frail, right field.

While Pocono A.C. and East Bangor are battling in an important fourth place tussle, Stockertown will be out to gain its share of the last playoff spot, while playing host to eighth place Johnsonville.

Tatum will invade Portland, after knocking the Apollos off earlier this week, hopeful of pulling to within two games of the league leading contingent.

Roscoe and West Bangor round out the slate in a contest to be played at West Bangor.

All games begin at 2:30 p.m.

Red Sox Edge Tigers, 3-1

Detroit (4) — Left-hander Mel Parnell, blazing along on a comeback since recovering from bursitis, scattered eight hits last night as the Boston Red Sox whipped the Jittery Tigers, 3-1.

Stock Cars At Local Track

Stroudsburg Speedway will feature its second Sunday of stock car racing tomorrow, when from between 40 and 80 entries take part in the speed action on the half-mile dirt track located near the Stroudsburg-East Stroudsburg airport, off Route 209. The first heat is listed for 2 p. m.

Last week the newly named track, that was formerly known as the Delaware Valley Speedway, attracted a reported crowd of 1,600 people for its initial stock car program.

Top Talent  
The track is attempting to bring some of the top racing talent in the east to the localizing in the weekly stock car shows.

Senators Down Pale Hose, 3-1

Chicago (4) — Washington's Walter Masterson, facing the Chicago White Sox for the first time this season, achieved a 3-1 victory last night in the first of a four game series.

Yvars Draws Fine Suspension

New York (4) — Catcher Sal Yvars of the New York Giants yesterday drew a \$122 fine and a three-day suspension by National League President Warren Giles as the result of his heated argument with umpire Bill Engeln over a close decision at home plate in Thursday's game with Chicago.

Starts  
The suspension does not become effective until today.

Stock Cars At Local Track

Stroudsburg Speedway will feature its second Sunday of stock car racing tomorrow, when from between 40 and 80 entries take part in the speed action on the half-mile dirt track located near the Stroudsburg-East Stroudsburg airport, off Route 209. The first heat is listed for 2 p. m.

Last week the newly named track, that was formerly known as the Delaware Valley Speedway, attracted a reported crowd of 1,600 people for its initial stock car program.

Top Talent  
The track is attempting to bring some of the top racing talent in the east to the localizing in the weekly stock car shows.

Senators Down Pale Hose, 3-1

Chicago (4) — Washington's Walter Masterson, facing the Chicago White Sox for the first time this season, achieved a 3-1 victory last night in the first of a four game series.

## Tobyhanna To Oppose Newfoundland

With the Pocono Mountains Association teams rearing down the home stretch, it's anybody's championship as far as the first division clubs—Newfoundland Bears, Daleville Boosters, Tobyhanna A.C. and Gouldsboro—from the fourth-place Goldies.

Some idea as to the ultimate tilt may be gleaned from at least one of tomorrow's encounters. The number one game, which features Newfoundland and third-place Tobyhanna, a game off the pace, on the former's fair grounds, "Hank" Botjer's proteges are still smarting from an earlier 7-1 setback at the hands of the Tobey's and will be all out for this one. How well they'll succeed depends on whether their pitching ace, Billy Herring is up to snuff. Skipper "Candy" Daley has his star, "Spence" Walker, ready to oppose him.

### Rivals

Daleville, with a 9-3 record, tackles Jake Blumer's Maple Lakers (4-7) on the latter's greensward and the records on this one are a bit inconclusive, in that the affair could take on the appearance of a backyard brawl. There is no love lost between them and the Boosters will have to be at their best to succeed. In an earlier setto, Daleville won in a slugfest, 17-14. The Lakers have ex-pro Ike Kemora, to recommend them, with either Bob Haines or Gary Weidner countering.

Gouldsboro is at home with South Canaan and rates a slight favorite. The lowly Canaanites have won but a lone game, but all who've played them found them to be worthy rivals, who need only a little more luck. The last time out Gouldsboro barely won, 2-1, on only three hits, and they'll be facing the same Ronnie Miller again, with Sam Curtis opposing.

Two ancient and friendly foes, St. Catherine's of Moscow and the Mount Cobb Mountaineers, will "celebrate" at a Booster Day game, what with neither having a chance for the playoffs. The Mounties will sort of present a preview of what the clubs may expect from them in 1953, in that Bill Zawicki, "Sharkey" Jamus, Jim Hoban and Tony Fitzsimmons will be in the lineup.

## Chapman Released By Cincinnati

Cincinnati (AP)—Ben Chapman, third base coach for the Cincinnati Reds, was released yesterday.

### Request

Gabe Paul, general manager of the Reds, said Chapman asked for his release after learning that Rogers Hornsby, the new manager, will coach at third base.

## Yanks Acquire Relief Hurler

Brooklyn (AP)—Johnny Schmitz, left-handed relief pitcher of the Brooklyn Dodgers, was sold to the New York Yankees yesterday and will join the American League pennants and World Series triumphs. All have in involved Johnnie Mize, Hopp and Sain.

Although major league players cannot be sold or traded to another major league club after June 15, the Yankee deal is legal because none of the National League clubs were willing to pay \$10,000 for Schmitz' contract. Once the National League clubs waived on him, Schmitz could be sold to the highest bidder in the American loop.

## Southpaws To Swarm Over Shawnee Course On Monday In Annual National Goli Tournament

Shawnee-on-Delaware—The annual battle cry "Look out here come the lefties" will ring up and down Delaware Valley Monday as southpaws start after the National Left-Handed Golfers Association championship over the Shawnee Country Club course here.

Gathering from all sections of the nation the lefties will be out to strengthen their bid for national recognition in golfing circles. It often has been said that left-handers are the forgotten men of golf. In twelve previous tournaments they have done much to establish their claim as top flight golfers. Monday they start out in larger and stronger forces than ever before to claim the spotlight.

Dick Zinn, York, Pa., and Ross Collins, 30-year-old Arkansas A & M athletic director, posted sub-par 71's to tie for medal honors in last year's tournament at Tippecanoe C. C., Youngstown, Ohio. Collins then proceeded to clean

up the field and win the title.

Most of the players competing in the tournament are champions of their own districts. Collins, who will defend his title will get plenty of opposition from Zinn; George Stratton, Audubon, N.J.; Harry Waldman, Wilmington, Del.; and Bob Zehner, Philadelphia, winner and runner-up for the Philadelphia District crown; Jack Walters, Tacoma, Wash.; William McKay, Toronto, Canada; John Steely, Geneva, Ala.; Orville Mitchell, Milton, Mass.; T. J. Langdon, Bridgeport, Conn.; Dr. C. E. Cloninger, N.C.; and the O'Brien Brothers, Michael Jr., a Marine stationed at Quantico, Va.; and Tommy of Scranton, a senior at Holy Cross College.

### Seeks Third

Bob Buchanan, Indianapolis, a two-time winner of the title, who was defeated in the quarter finals last year by Kenny Mast, football and basketball coach at Bluffton, Ohio, College, will seek his third

title. Buchanan is stationed at an Army Camp in New York State and expects to get leave to play.

The left-handers tournament actually will be three-in-one. The championship competition will include a 36-hole qualifying round Monday followed by matches of 36-holes each. This event also will include a team championship with the three lowest scores in the qualifying round from any district determining the team championship winner. There also will be a competition for high handicapped players consisting of an 18-hole qualifying round and followed by matches of 18-holes each.

Toledo, O.; St. Louis, Mo.; Philadelphia and Detroit, all will be seeking the team title with large entries. Twenty-eight states as well as Toronto, Canada, are represented. Nelson Culenwald, San Francisco, Calif., is making the cross-country trek in quest of the title.

## Field Set For Long Grind

Allentown—A field of twenty of the best known stock car drivers in the east will start off tonight's 100-mile race for new and late model stock cars on the Downey Park quarter of a mile asphalt track here. This was revealed yesterday with the entry list for the NASCAR-sponsored marathon grind which showed the names of thirty of the sport's best drivers.

The time trials will start at 6 p.m., and the twenty fastest cars will start in the 100-mile race at 8:30 p.m.

One Lehigh Valley driver, Leo McCullough, who will pilot a 1951 Ford, has been entered. His home is in Bethlehem.

### Top Drivers

The top 10 drivers in the Short Track Division point scoring of NASCAR are entered. They are Neil Cole, Oakland, N. J.; Jim Reed, Tarrytown, N. Y.; Roscoe Hough, Paterson, N. J.; Lee Petty, Rambleman, N. C.; Ralph Ligouri, Bronx, N. Y.; Bud Farrell, Shrewsbury, N. J.; Ed Van Horn, Hackensack, N. J.; Jack Reynolds, Hawthorne, N. J.; Ronnie Koshier, Paterson, N. J.; Ted Chamberlain, St. Petersburg, Fla.

Other top flight entries, all of whom will pilot new or late model cars, include Tony Bonadiss, Charles Dyer, Lloyd Moore, Joe Weatherly, Cal Johnson, "Wimpy" Erwin, Sam De Russo, "Buck" Mason, Ed Keller, "Red" Cagle and many others.

### Eagles Play Tomorrow

Eagles, first half title holder in the Monroe County Softball League flag race, will play host to Blair A. C. of Scranton, tomorrow at Stroudsburg Playgrounds, at 2 p.m. The Eagles have won 18 straight games and Blair A. C. owns 13 successive favorable decisions.

## Grand Jury To Receive Roberts Case

Luzerne County officials said yesterday they will seek a murder indictment this month against John L. Roberts, 45-year-old Edinboro machinist who was sent back to General Hospital in Wilkes-Barre Thursday.

Roberts' hospitalization broke up a hearing on his plea for freedom from the county prison on a writ of habeas corpus.

Assistant District Attorney Stephen A. Teller said yesterday he will press the case before the grand jury when that body meets on Aug. 25.

Roberts is now under 24-hour guard at the Wilkes-Barre Hospital.

Thursday's hearing before Judge Thomas M. Lewis was forced to a conclusion before the State had been given time to call its most important witness, Dr. Mary Willard of State College, a criminologist who, according to the prosecution, "holds the key" to the State's case against Roberts.

Defense attorney Frank Slatery, in his petition for a writ of habeas corpus, contended that the Commonwealth had failed to establish a prima facie case against his client.

This was what the State was attempting to do when Roberts became ill and was taken from the courtroom.

Judge Lewis ordered the hearing "continued indefinitely" at that time.

## Moore Held For Court

A Plainfield, N. J. man was ordered held for Northampton County grand jury action this week on charges of shooting his estranged wife.

The man, Ross Moore, 56, surrendered to Stroudsburg State police on July 19 after allegedly wounding his wife, Betty, 21, at the home of her sister in Easton.

Moore admitted the shooting to Stroudsburg police when he gave himself up.

His attorney, Forrest Mervine of Stroudsburg, entered a plea of not guilty at the hearing before Alderman Louis Odenwelder in Easton.

Moore was quoted as having told police he had come to Easton to talk to his wife and persuade her to come back to him.

Mrs. Moore had left the man after a seven-week marriage. When she refused to talk to him, Moore said, he went to his car, got a revolver and came back and shot her.

The injured woman is in Easton hospital where a bullet has been removed from her right arm. A second bullet remains to be taken from her back.

## Pool Slated To Re-Open August 11

The Stroudsburg Playground swimming pool was closed yesterday for a ten-day period to permit adjustments and improvements to mechanical devices administering chlorine and the regular flow of water.

Borough council, which is responsible for operation of the pool, decided that the improvements and adjustments should be made so that highest possible efficiency is maintained in the constant delivery of pure water.

It is expected that all of the work will be completed and tests run in time to re-open the pool on Monday, August 11.

## School Audit Posted At Water Gap

Delaware Water Gap—Copy of the audit for the local school operations has been posted at the postoffice, revealing that expenditures for the 1951-52 term were \$21,375.95.

Tuition of high school students and their transportation is listed at \$7,375.65 and a balance was indicated.

Auditors Alexander Bensinger, Walter Decker and Miss N. E. Burd recently met with Fred Shoemaker, school board treasurer to audit the books and noted that 429 persons have paid per capita tax. They expressed approval also of Shoemaker's work and that of Earl Carlton, school secretary.

## Dean Phipps Stores Selected For Annual Report Honors

By James B. Gaffney

Franklin Weller, manager of the Stroudsburg Dean Phipps Stores, Inc. has been advised that the corporation has been awarded honorable mention for outstanding progress registered in the company's 1951 annual report to shareholders.

The award was one of 1,086 selected from 5,000 annual reports examined and was judged from the standpoint of editorial and statistical content, format and typography. The award qualifies the report for entry into the finals competition. Winners of this contest will be announced by The Financial World, investment and business weekly, in October.

Dean Phipps Stores, Inc., a leading automotive supply chain in the East, operates 65 stores throughout this state, New York and New Jersey and has offices in Scranton.

Miss Louise Meloney assumed her duties this week as home economist for the Stroudsburg and Mount Pocono area of Pennsylvania Power and Light Co.

Daughter of Mr. and Mrs. A. Frank Meloney of Mount Pocono, she received the bachelor of science degree at Cedar Crest College, Allentown, last month.

Pennsylvania Power & Light Company's recent offer of 100,000 shares of 4.4 per cent preferred stock was quickly oversubscribed, according to a report from The First Boston Corp. and Drexel & Co., who headed up the underwriting group. The public offering price of the new preferred stock was \$100 per share plus accrued dividends, with the issue immediately going to a premium of \$101 bid and \$101.75 asked.

While final figures on the amount of oversubscription were

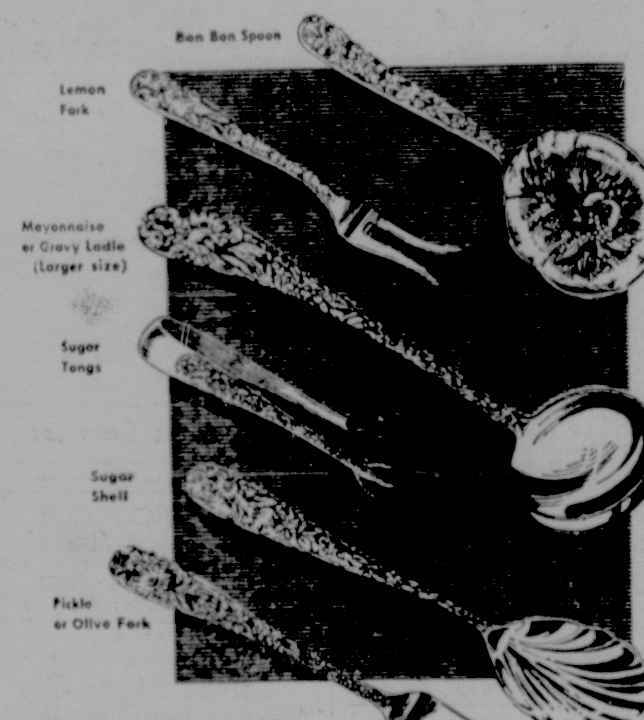

not yet available, Charles E. Oakes, company president, said orders are far in excess of the 100,000 shares available. "However, it is quite apparent already," said Mr. Oakes, "that better than 70 per cent of the shares were being taken up by residents of our service area, and 95 per cent being Pennsylvanians."
